Who is ISCB

The leading society for computational biology

ISCB is an international non-profit serving a global membership through high-quality meetings, publications, and reports on methods and tools. We support training, education, careers, and networking, and advocate for policies that advance science and benefit society.

Our values

- ★ Communication
- ★ Diversity
- ★ Ethics
- ★ Excellence
- ★ Inclusion
- ★ Service

Five reasons to sponsor ISCB

1

Get in front of your audience

Reach academic institutions, healthcare and research organizations, and industry and non-profits across the whole field.

2

Extend your reach

Engage the community before, during, and after each event with year-round channels.

3

Lead the conversation

Show thought leadership with talks, education sessions, and native content delivered straight to your audience.

4

Get results

We focus on driving attendees to exhibitors and sponsors, so you get the exposure and conversations you came for.

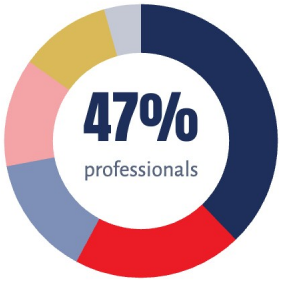
5

Get support

A dedicated ISCB team works with you from planning to follow-up to make the most of every partnership.

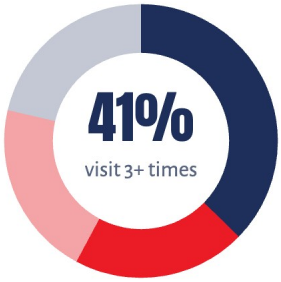
Who you will reach

An audience looking for its next collaboration



Career stage

Graduate students	37.8%
Early career	20.0%
Senior (20+ yrs)	14.2%
Mid career	12.8%
Post-docs	10.8%
Other	4.4%



Visits to the exhibit area

1 to 2 visits	37.3%
3 to 4 visits	20.5%
5 or more	20.8%
Other	21.4%

Each event has its own pricing grid, linked from its page in this prospectus.

View pricing grid

Levels qualify on total 2027 spend, shown in US dollars. Event rates are in each event's currency: euros for ISMB/ECCB, pounds sterling for ISCB-UK, and US dollars for all other programs.

ISMB/ECCB 2027 Flagship conference

The world's largest bioinformatics and computational biology conference. The 35th ISMB joins the 26th ECCB to bring researchers from computer science, molecular biology, mathematics, and statistics together in Copenhagen and online.

Dates	Venue	Audience	Format
July 18 to 22, 2027	Bella Center Copenhagen	About 2,000 attendees	In person and virtual

Highlight opportunities

Keynote sponsorship NEW

Take part in the morning welcome before a keynote and share a few words about your company from the main stage. One sponsor per keynote.

Per keynote	€6,000

Exhibit and Career Corner

Meet attendees face to face on the exhibit floor, or recruit directly from the field's emerging talent.

Exhibit booth	€2,600
Career Corner	€3,080

Tech Talks and education

Present your tools in a Tech Talk, or lead a half-day education session for the community.

20 or 40-minute Tech Talk	€2,000 to €3,100
Nonprofit Tech Talk	from €700
Half-day education SOLD OUT	~~€6,200~~

Success Circles

Host an intimate VIP focus group and hear directly from the researchers you want to reach.

Per focus group	€1,000

ISCB-UK 2027 Biology in the Age of AI

ISCB-UK returns for its second edition. The UK's large, diverse bioinformatics and computational biology community meets in Glasgow to share cutting-edge science, build collaborations, and grow networks, with sponsors in the room alongside the country's leading researchers, institutions, and industry.

Dates	Venue	City	Edition
April 20 to 22, 2027	University of Strathclyde	Glasgow, Scotland	Second

Highlight opportunities

Premium Title Sponsor

ONE ONLY

Headline the conference with a premium booth, a programme talk, screen advertising, and recognition across all collateral.

Premium Title	£10,000

Gold, Silver, and Bronze

Every level includes an on-site booth, a virtual booth, and a 15-minute programme talk.

Gold	£6,000
Silver	£4,000
Bronze	£3,000

Exhibit and talk

A ready-to-go booth with registration, furniture, internet, and power, with the option to add a programme talk.

Exhibit	£1,250
Exhibit and talk	£1,750

Dinner, reception, and prizes

Host the conference dinner or drinks reception, or support the prizes that celebrate new science.

Conference dinner	£4,000
Drinks reception	£2,000
Talk and poster prizes	from £150

ISCB-Africa 2027 With ASBCB

ISCB and the African Society for Bioinformatics and Computational Biology host a conference with a broad bioinformatics scope and a special focus on innovation, access, and opportunity relevant to Africa. Sponsors help grow one of the field's most dynamic communities.

Dates	Location	Format	Audience
May 4 to 7, 2027	Hammamet, Tunisia	In person and virtual	About 150 attendees

Highlight opportunities

Event sponsor

Lead the conference as its headline supporter and be recognized throughout.

Event sponsor	$5,000

Virtual platform sponsor

Reach participants joining from across the continent and beyond.

Virtual platform	$2,250

Exhibit and talk

A booth on site, with the option to present your work to the room.

Exhibit	$1,250
Exhibit and talk	$1,750

Tech Talks and badges

An accessible way to share your tools, or put your brand on every attendee.

Tech Talk	$500
Badge and lanyard	$800

GLBIO 2027

18th Great Lakes Bioinformatics Conference

The region around the Great Lakes, across the United States and Canada, is home to a large and diverse bioinformatics community. GLBIO brings it together to share cutting-edge science, build long-term collaborations, and grow networks.

Dates	Venue	City	Audience
May 24 to 27, 2027	Van Andel Institute and GVSU	Grand Rapids, Michigan	About 350 attendees

Highlight opportunities

Premium Title Sponsor

ONE ONLY

Lead the conference with a premium booth, your logo on the lanyards, session advertising, and recognition throughout.

Premium Title	$13,500

Platinum to Bronze

On-site and virtual booths, an ISCB newsletter ad, and logo recognition.

Platinum	$7,850	Gold	$5,250
Silver	$3,950	Bronze	$2,650

Exhibit and talk

A ready-to-go booth with registration, furniture, internet, and power, with the option to add a programme talk.

Exhibit	$1,350
Exhibit and talk	$2,500

Dinner, coffee, and prizes

Host the conference dinner or coffee breaks, or support the prizes that celebrate new science.

Food & Beverage	$2,000
Talk and poster prizes	from $200

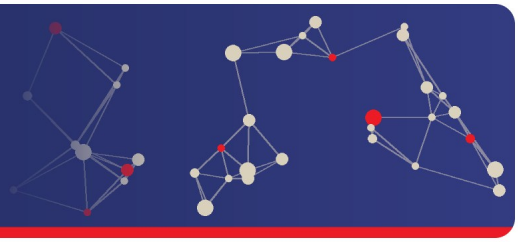
ISCB Conference

iscbAI 2027

Where AI meets computational biology

August 14 to 17, 2027 · Bali, Indonesia



iscbAI 2027 Where AI meets computational biology

iscbAI brings together the researchers building and applying the models and computational tools that are reshaping life science. For AI-native companies, cloud and compute providers, and tool builders, it is the most focused room in the ISCB calendar.

Dates	Location	Focus	Audience
August 14 to 17, 2027	Bali, Indonesia	AI and computational biology	250 attendees

Highlight opportunities

Sponsorship levels

From headline visibility to an accessible academic option.

Platinum	$8,500
Gold	$6,500
Silver	$3,500
Bronze	$2,500
Academic	$1,800

Half-day education

Teach the community hands-on with your platform, models, or methods, and leave with an audience that knows how to use them.

Half-day session	$5,000

Tech Talks

Show what your tools can do in front of an audience that will actually use them.

Tech Talk	$2,000

Built around you

Not seeing the right fit? We will shape a package around your goals.

Custom package	Let's talk

APBJC 2027 Asia and Pacific Bioinformatics Joint Conference

The second APBJC, presented with the Japanese Society for Bioinformatics and APBioNet. As data grows and AI accelerates, bioinformatics is shaping how we understand disease, improve agriculture, and protect the environment. APBJC connects you with the people leading that work across the region.

Dates	Venue	Region	Audience
Sep 28 to Oct 1, 2027	SUNTEC Singapore	Asia and the Pacific	720 attendees

Highlight opportunities

Platinum and Gold

A Tech Talk or Lunch and Learn with 100 lunch tickets, exhibit space, screen and program recognition, and VIP dinner invitations.

Platinum	$8,500
Gold	$6,500

Silver, Bronze, and Academic

Exhibit space, logo recognition, and a registration, with a Tech Talk included at Silver.

Silver	$3,500
Bronze	$2,500
Academic	$1,800

Lunch and Learn

Share your story over lunch, with 100 lunch tickets to give to the attendees you want in the room.

Lunch and Learn	$3,000

Lanyards, badges, and more

Put your brand on every attendee, or host coffee breaks and a Success Circle.

Lanyards	$3,000
Badges or coffee break	$2,000
Success Circle	$500

Every option and rate

NECB 2027 New England Computational Biology

A focused two-day symposium for one of the world's densest research hubs, where universities, pharma, AI-native biotech, and big tech work side by side. A smaller room means your team gets real conversations, not a passing glance.

Dates	Venue	Format	Audience
October 2027	TBD	Two-day symposium	250 attendees

Highlight opportunities

Exhibit

A table in the room every attendee passes through, both days.

Exhibit booth **$1,250**

Brand awareness

A light-touch way to show your support and put your name in front of the community.

Brand awareness **$500**

Built around you

Looking for more visibility? We will shape a package around your goals.

Custom **Let's talk**

250 researchers, students, and industry scientists from across New England's universities, hospitals, pharma, and biotech, in one room for two days.

Every option and rate

NECB 2027 prospectus
