Primary Sponsorship Opportunities

The Third ISCB Africa ASBCB Conference on the Bioinformatics, being held in Tunis, Tunisia, from the 13-15th March 2013, offers interested organizations specialized opportunities for advertising and sponsorship. Sponsors have the unique opportunity to reach audiences from the whole African continent and it is expected that many European scientists will also join the conference due to the proximity and cheap flights from Tunis to the main European capitals. Sponsorship levels are divided into three main types, with additional opportunities for Marketing Partners detailed on that respective flyer, and exhibitor opportunities detailed on that webpage.
