

Great Plains Bioinformatics Conference
September 28-30, 2026
Omaha, Nebraska

The International Society for Computational Biology (ISCB) is excited to invite you to the first ever ISCB Great Plains Conference, taking place on September 28-30, 2026 at the University of Nebraska Omaha

The USA has a large, diverse bioinformatics and computational community; this meeting will bring this community together to share cutting-edge science, foster collaborations, and build networks.

Partner with us to shape the future of Bioinformatics in the USA

By sponsoring ISCB Great Plains, your organization will gain unmatched visibility and direct access to the United States' most influential researchers, institutions, and industry leaders in computational biology. This is more than a sponsorship—it's a strategic investment in innovation, talent acquisition, and thought leadership within one of the fastest-growing scientific communities. Join us in shaping the future of bioinformatics.

Secure your sponsorship today and position your brand at the forefront of scientific discovery.
